

Chromatin and epigenetics: from mechanism to function

Munich, Germany
April 5–7, 2017

Meeting Organizers:

- Robert Schneider
- Maria Elena Torres-Padilla

Keynote Speaker: John Gurdon (Nobel Laureate 2012, Physiology/Medicine)

Topics:

- Chromatin dynamics
- Epigenomics and single cell approaches
- Histone, RNA and DNA modifications
- Shaping chromatin with ncRNA
- Epigenetic phenomena
